# Why Bufftech®

Long-lasting beauty, superior performance and the best protection you can get — that's the Bufftech Advantage. Beautifully frame your outdoor living spaces with a built to last Bufftech privacy fence. The difference is in the details.

ColorLast®  
fade protection

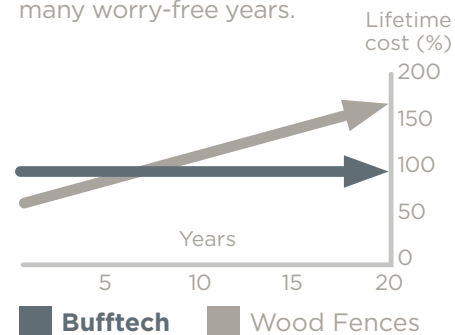

WindZone™  
performance

MADE IN THE  
USA

Contrary to what you might think, **Bufftech fence is actually less expensive than wood fence.**

Although investing in a fence may cost you more initially, this is where your expense ends. Backed by a lifetime limited warranty, you can enjoy your fence for many worry-free years.

Cost includes fence price averaged over 20 years plus maintenance and repair costs. Cost is expressed as a percentage.

Not all fence product warranties are the same. For example, many fence manufacturers offer a limited lifetime warranty but do not cover labor costs to remove and replace a defective fence. By selecting Bufftech® fence, you will gain peace of mind knowing that **you are protected for a lifetime.**

	<b>CERTAINEED BUFFTECH FENCE*</b>	Fence Competitor	Wood Fence Competitor
<b>Length Warranty</b>	<b>LIFETIME</b>	Lifetime	12 years
<b>Color Fade Warranty</b>	<b>YES</b>	None	None
<b>Transferrable Warranty</b>	<b>YES**</b>	No	No
<b>Labor Warranty</b>	<b>YES**</b>	No	No

\*Refer to the Bufftech Lifetime Limited Warranty to review the terms of coverage.

\*\*Bufftech extruded only.

Exclusive SureStart™ protection† available for Bufftech's extruded fence, SureStart covers warranted repair and replacement costs—including labor—for the first five years after installation.

†Bufftech extruded only

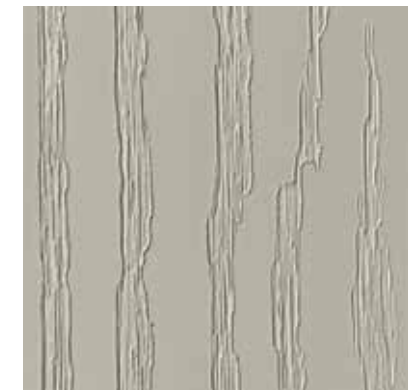

# Innovative textures.

Our finish is molded from real wood and stone to deliver the most authentic look available today. Bufftech's realistic woodgrain textures and rich shades replicate the look of natural wood without the maintenance. Bufftech's innovative alternative to traditional masonry walls won't crumble, peel, chip or crack due to settlement, or stain like traditional walls.

# ColorLast® fade protection

CertainTeed guarantees the performance of Bufftech's colors with our proprietary ColorLast® fade protection, a state-of-the-art formulation that provides superior protection from the harsh rays of the sun.

## Less Fade is Better

Competitive vinyl fence products target the industry standard, which is 7 Hunter units of fade, and offer no fade protection. Bufftech vinyl colors are designed to change by only 1 or 2 Hunter units over the lifetime of the product, and warrants the product to not fade beyond 4 Hunter units.

TYPICAL FADE AMOUNT OVER THE LIFETIME OF A VINYL FENCE PRODUCT

# WindZone™ performance

Our fence has a dynamic wind load testing up to 115 mph.

# Extraordinary quality and performance.

A fence is one of the largest investments you'll make to enhance the beauty and value of your home. While you may find a less expensive option, consider what you're really getting for your money. Take a closer look at what sets Bufftech® apart from other fences.

## High-quality raw materials

Bufftech fence is a high-quality product that's consistent from panel to panel because it is made with carefully selected ingredients designed to increase durability and long-term performance.

### Steel reinforced

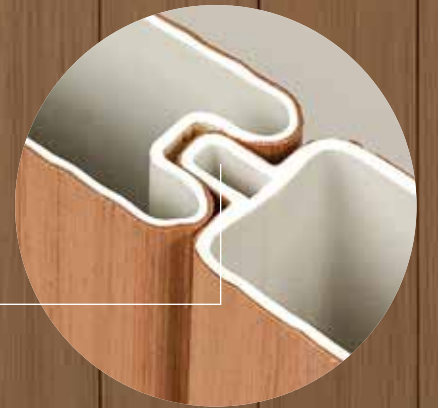

Bufftech extruded fence products feature a steel reinforced bottom rail for a stronger, more rigid fence, which reduces the chances of sagging or bowing.

Bufftech molded fence panels feature steel reinforcement in the top and bottom.

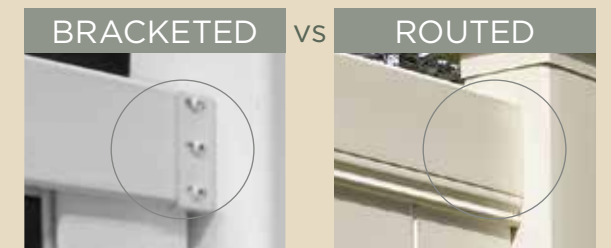

## Heavyweight pickets

Bufftech's extruded heavyweight pickets provide superior impact strength and resist the warping and oil canning found in flat panel fence. For added rigidity, each privacy picket fits together with a tongue and groove connection.

## Routed rails and posts

Bufftech extruded fence systems feature precision-routed rails for safe, secure picket attachment and easy assembly. Bufftech's routed fence posts provide a secure connection that allows for thermal expansion season after season.

Brackets are visible and more vulnerable to the elements.

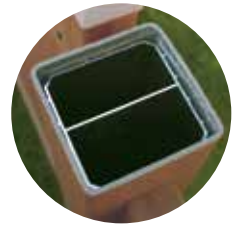

Routed posts allow clean and concealed connections.

## Concealed fasteners

All Bufftech extruded fence systems feature concealed fasteners for a sleek, clean finish. Panels are installed without unsightly brackets, screws or glue that can compromise the safety and security of the fence.

# The best gates in the industry.

Bufftech privacy extruded fence gates are built to last, so you can rest assured your fence will endure whatever life throws at it.

**Aluminum post insert** for added durability.

**Heavy-duty internal aluminum frame** offers outstanding strength.

**High-quality gate hardware,** including self-closing hinges and safe, secure latches.

**Stainless steel gate fasteners** prevent corrosion.

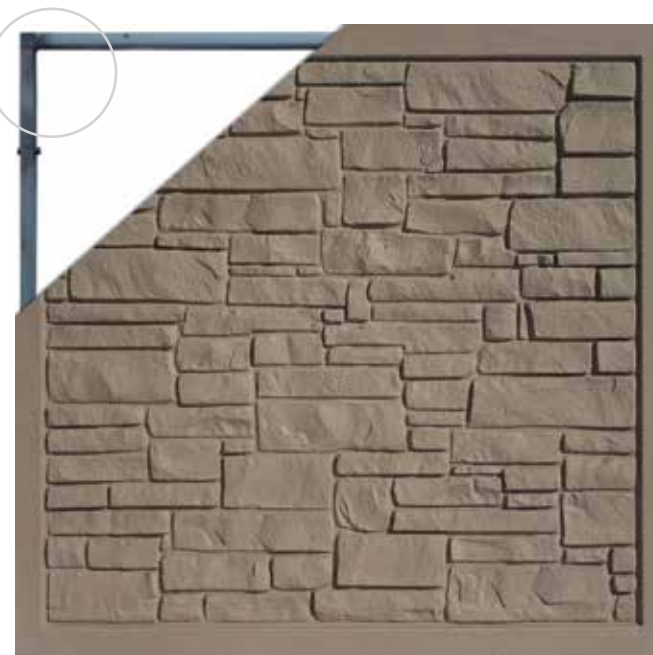

Gates tested to **withstand 300 lb. loads.**

Bufftech molded Sherwood and Allegheny® gates have an **internal frame of galvanized steel.**

Each gate comes complete with two self-closing hinges, a latch, and a striker rod.

# Peace of mind.

## The best protection in the business

**Excellent Warranties**  
CertainTeed stands behind the Bufftech line with an exceptional lifetime limited warranty.

**Proprietary ColorLast® fade protection**  
Guarantees colors won't fade more than 4 Hunter units. See details on page 4.

**Exclusive SureStart™ protection**  
Available for Bufftech's extruded fence, SureStart covers warranted repair and replacement costs—including labor—for the first five years after installation.

## Engineered to exacting standards

**WindZone™ performance** Means our fence has a dynamic wind load testing up to 115 mph.

**Swimming pool application**  
Meets ASTM requirements and complies with local codes for swimming pool applications. Check with your building code official as local codes may vary.

**Class A rating for flame spread** for Bufftech extruded fence only. This means material does not readily ignite. It is categorized as being "self-extinguishing."

**Sound absorption** – Blocks 98% of direct sound with an (STC) sound transmission class of 26 for molded and 21 for extruded.

## CertainTeed: A trusted brand

**Made in the U.S.A.**  
For more than 100 years, homeowners and building professionals alike have relied on CertainTeed as a trusted source of innovative, high-quality building products. Bufftech® fence is proudly made in the U.S.A.

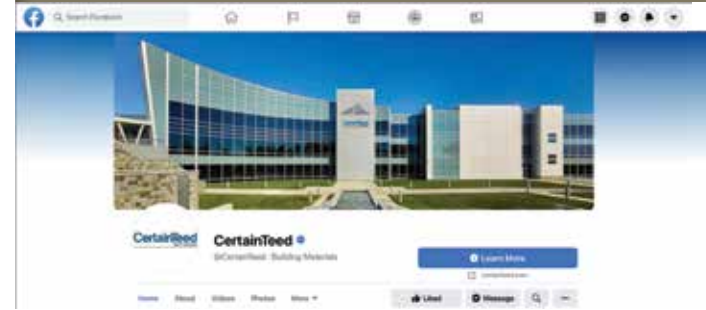

**Sustainable**  
CertainTeed respects the environment through the responsible development of sustainable building products and systems.
